While they were proare hereby publicity reprimanded. The officers of companies D. E. and G. Eighth regiment Maryland National Guards are hereby dishonorably dishonorab on Nestern missed the service, and the emisted and what the decision had been? As a friend of the colored man, as a friend of philanthropy, he protested against a war of races. They knew their opponents sought to force that issue upon them, and biguest officer of the State, and merited he hoped they would not be so unwise as the hoped

> A LOOK AT MAXIBILIAN'S BODY-ITS BEENDER TO ADMIRAL TEGET. been already legally decided in the rom the New York Tribune's correspondent. A colored man ought to be con-tent with getting the same value for his money as a white man, and ought not to

from every true soldier and good citizen

The body of the Emperor Maximilians will be sent in a few days, under a strong escort, to Vera Cruz, their to be formally delivered to Admiral Tegethoff. On the Sth Inst., that officer, accompanied by eight or ten official or personal friends, including Dr. Basch, the Emperor's physician, who was permitted by the government to make a formal examination of the condition of the body before its departure. Persons who were present give the following account of it:

The body is neatly dressed in Diack, all S. STERNBERG & CO., departure. Persons give the following account of it:

The body is neatly dressed in black, all the clothes, even the gloves, being of the Empéror's own wardrobe, except the patent leather shows. It is encased next the skin in several bandages, one of them being of gutta percha, as a preservative against the effects of damp. The brain, heart and intestines have been carefully embained and placed in their proper and found to the leaty, where are pleasant walks and floral beauties, surrounded and walks and floral beauties, surrounded

being of gitts percus, as a preservative grainst the effects of damp. The brain, heart and intestines have been carefully subtained and placed in their proper places inside the body. The head alone as exposed to view. The face appears very emealated, an effect, doubtless, produced partly by the Emperor's long sickness prior to his execution, and partly by the Emperor's long sickness prior to his execution, and partly by the Emperor's long sickness prior to his execution, and partly by the Emperor's long sickness prior to his execution, and partly by the girocess of embalmment. The end of the tore, which has begun to desay, has been so skillfully replaced with wax that it appears perfectly natural. The artificial eyes, which are open, are of a somewhat darker shade in than the Emperor's. The poculiar beard and long mustaches are well preserved, except that along the edges of the upper lip the hair was shorter than he was accustomed to wear it, and looks rubbed and worm. The finit on the back of the head a simest wholly wanting, the result of the thesis of it which are known to have taken place at Queretaro. The lower lip is thin and apparently decayed, as or shrunkers in the process of embalmment. The Emperor had the full projecting lower lip, the "pocket mouth" which the Honshurgs inherit, with the eventy intended to have been so be the Emperor's lead the full projecting which lead the full projecting lower lip, the "pocket mouth" which the Honshurgs inherit, with the eventy intended to have been so be the Emperor's lead to can be the vicing of the face, is broken, but is believed to have been so be the Emperor's lead to have been so for the Emperor's lead to have provided to have been so for the large of the face, but is believed to have been so for the large of the store with a look (the sing eye rekindles, with a look of the late of the face, is broken, but is believed to have been so for the large of the face, belong the portion taken out to extract the strain in embalming. This for the face is the face of

in a straight, batters, some straight to the face and to varnish applied to the face and to the bair, gave both a much darker that the bair, gave both a much darker that Masonry neither offers to take the alpacas at 9 cts. than the natural one, especially to the face. The disturbing influence of that position of the body and the change of complexion gradually disappearing from their minds, most of the party finally recognized the preservation of the likeness, as far, perhaps, as was practicable in embalming. The body has only a slight aromatic ofor, and is very carefully scented from mother causes, in a massive coffin or rather surcephagus. This is made internally of ordro or ligat mategany, and externally of granualito, the most presides of Mexican timber, not unlike, though more beautiful than the finest malogany used in venering; the granualities of its first lessons. Our duty to first lessons of its first lessons. Our duty to have so the face of christianity nor dose it claim, further than its injunctions to obey implicitly all moral laws may justly entitle to seeh claim, to be her band-maid. It does point by symbols and by emblems, as plan and as clear as noon-day's suo, to The Stone which the builders set of much the foundation stone, the Key in the mighty arch, in the spiritual building. It requires an implicit belief of the existence, and an avowal of individual trust in God. That same Star in the which guide the ancient Magi, is an emblem of our Order, "Know thyself," is one of its first lessons. Our duty to have not their competitors and this will take place when their competitors and the maintenance of the star of the party of cather than the finest malogany used in venering; the granult of the competitors are the properly and the star of the party in the sum of the star of the party in the same star in the finest malogany used in venering; the granult of the competitors are the properly and the same their cannot be a sum of the star of the party in the same them. The policy and the same than the same than the same them.
